

2019 Second Quarter Program Update

Highlights

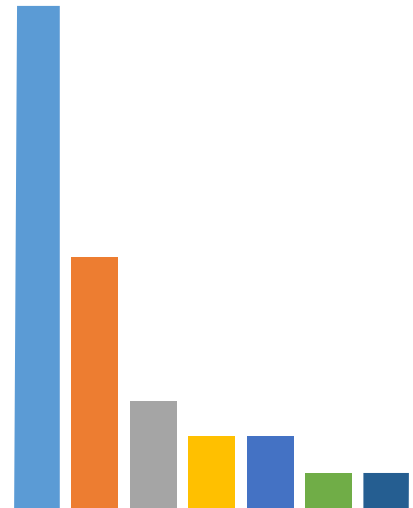

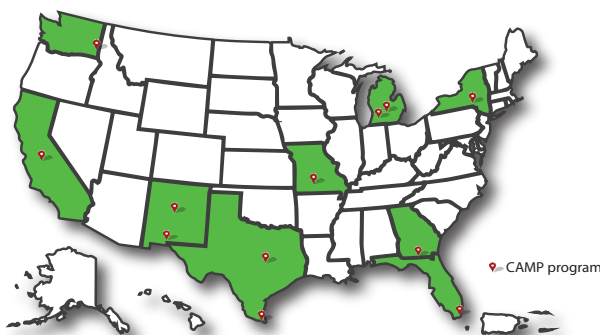

- 30 interns placed by NMSI.
- Increased number of Agriculture related internships placements in 2019 by 12 employers.
- Increased number of NMSI participants by 28 applicants since April 1, 2019.
- Increased number of CAMP programs who have participating interns.

Concerns

- Allocated funds for internships have been committed for this year.
- As a result of unconfirmed funding, it is difficult to facilitate connections between employers and students and commit to internships for 2020.

Quarter	1st	2nd
# of interns	3	30
# of CAMP programs that have 1 or more NMSI interns	3	12
# of new employer contacts	26	17

Where do our interns come from?

- Agriculture
- Healthcare and Social Assistance
- Construction
- Educational Services
- Information
- Automotive
- Government
